Although the abovementioned is the current level of turnover / income and is closely related to the economic indicators, it may be more or less in future. Consequently, this Certificate does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a start-up this EME Certificate is valid only for contracts with a single value of less than or equal to R 5 Million. Should the contract value being tendered for be higher than R 5 Million and less than R 35 Million, the EME will be required to submit a QSE Verification Certificate with any tender. For contracts over R 35 Million a B-BBEE Verification Certificate based on Generic Codes must be submitted.

Based on our procedures, which do not constitute an audit or review, we have determined that the turnover / income is less than, or equal to R 5 Million and that the level of Black Ownership / Black Woman Ownership is at a Level 4.

We do not accept or assume responsibility to anyone other than the measured entity, for our work, for this report, or for the conclusion we have reached.
